Our planning...

Topics this term include;

Bees - Our children will be discovering about bee's who have the most important job being pollinators without them many of our favourite foods wouldn't exist. We will be learning through simple stories, songs, and pretend play.

Around the world - Our children will be exploring different cultural food's and experiences through a various of adult led activities.

Music - Our children will be discovering different sounds and instruments, we will also be creating music and working as a team.

Beaches/ Oceans - Our children will be exploring under the sea, their habitats and making their own under the sea animals.

Don't forget, every week we have our weekly blog with photos and what we have been working on throughout the week.

Staffing Update...

The lovely Sophie joined the team in March 2026, she is already a big hit with the children and has fitted seamlessly into the team. Sophie will be starting her role as Deputy Manager in June and will be working Monday - Thursday's. As an experienced pre-school practitioner, Sophie will be the lead for the 3-4 year olds within the setting; we look forward to seeing what exciting activities she has planned for the children in order to encourage their development and help them reach their potential.

We will also be welcoming Nikita back from her maternity leave. Her first 'official' day back with us will be Wednesday 3rd June and she will be working Wednesday - Friday's, both staff and children can't wait to have her back.

Garden Party

We will be holding a summer party on **Thursday 16th July** where we will be inviting you all into the setting to participate in some fun activities.

We have **entertainers** booked, another exciting **science workshop** (as it was so popular last year), and we've got a special visit with Merlin from the Milky way

Date and time: **Thursday 16th July, 2.30-4.30pm.**
